

# Ahmed Mohammed Al-Harbi

## Senior Software Engineer | Full Stack Developer

**PROFESSIONAL SUMMARY** Senior Software Engineer & Full Stack Developer with over a decade of experience in designing, developing, and deploying scalable, secure, and high-performance software solutions. Successfully delivered 25+ enterprise-level projects serving 100,000+ users across web and mobile platforms. Expert in full-stack and backend development, system architecture, and cloud-based solutions using JavaScript, TypeScript, Python, Java, PHP, and frameworks such as React, Node.js, Laravel, and Flutter. Proven leader in Agile/Scrum environments, with a strong focus on clean architecture, performance optimization, and security best practices.

## TECHNICAL SKILLS

**Programming Languages:** JavaScript, Java, Python, PHP

**Mobile Development:** Flutter

**Web Development:** HTML, JavaScript, TypeScript

**Database Management:** MySQL, PostgreSQL, MongoDB, Firebase

**Project Coordination:** Git & GitHub, Docker, AWS

## PROFESSIONAL EXPERIENCE

### Senior Business Administration Specialist

CsC - Amman, Jordan

Feb 2024 - Mar 2024

- Senior Business Administration Specialist with extensive experience in business operations, administrative management, and process optimization. Led and managed cross-functional administrative operations supporting multiple departments and 50+ employees, ensuring efficiency, compliance, and alignment with organizational goals.
- Oversaw strategic planning, reporting, budgeting, and performance tracking, contributing to 20% improvement in operational efficiency and 15% reduction in administrative costs. Acted as a key liaison between management, finance, HR, and external stakeholders to streamline workflows and enhance communication.
- Implemented policies, procedures, and documentation standards, improving audit readiness and regulatory compliance by 30%. Managed contracts, vendor relationships, and procurement processes, negotiating agreements that resulted in 10-18% cost savings. Strong expertise in data analysis, decision support, and executive reporting, with a proven ability to drive continuous improvement in fast-paced business environments.
