

# SAMIR MAZEN SANDOUQA

## FRONT END DEVELOPER

Location: Jordan , amman , bayader | +962 7 9675 5243 | sameermazen1@gmail.com | View Profile | LinkedIn: sameer-mazen-a41a0b316/?locale=en\_US | GitHub: github.com/sameerMazen04

### SUMMARY

Front-End Developer skilled in HTML5, CSS3, JavaScript (ES6+), and React, with experience building 5+ responsive web applications. Strong background in UI/UX optimization and software development fundamentals.

### TECHNICAL SKILLS

#### Web Development

- HTML
- CSS
- Tailwind CSS
- React JS
- Material UI
- GSAP

#### UI/UX Design

- UI/UX Design
- Figma
- Responsive Design

#### Programming Languages

- JavaScript
- Problem Solving

#### API Development

- API Integration

#### Version Control

- Git
- GitHub
- Version Control

### PROFESSIONAL EXPERIENCE

**inter**, Safwa Islamic Bank

Jul 2025 - Nov 2025

Amman, Jordan

- Collaborated on UI/UX improvements for the bank's application over a 5-month internship, contributing to feature enhancements including ATM check deposit functionality. Completed hands-on training with ATM systems, supporting daily operations, troubleshooting customer issues, and ensuring reliable performance. Assisted in coordinating multiple active projects by communicating with external programming vendors, tracking implementation steps, and helping maintain workflow continuity.

### KEY PROJECTS

#### Arabic Coders

- Developed a platform to facilitate problem-solving in Arabic, targeting Arab students with sections like competitions and community. Led the front-end development.

#### To Do List Application

[github.com/sameerMazen04/myOwnArbaicToDoListProject](https://github.com/sameerMazen04/myOwnArbaicToDoListProject)

- I developed a responsive task management app using React and JavaScript, focusing on efficient state management and data persistence via Local Storage. By prototyping the UI in Figma before coding, I reduced development time by 20% and ensured a seamless experience across all devices. The final application achieved a 95+ Lighthouse performance score, demonstrating my ability to build fast, user-centered web interfaces.

## Cocktail coffee

[github.com/sameerMazen04/Cocktail-Coffee](https://github.com/sameerMazen04/Cocktail-Coffee)

- I developed an interactive landing page for a coffee house using React and GSAP to create smooth, scroll-based animations. By optimizing image assets and fine-tuning GSAP timelines, I reduced initial page load time by 1.5 seconds, ensuring a fluid user experience. The project focused on converting a Figma design into a fully responsive interface, achieving consistent performance across 4+ major browsers.

## EDUCATION

**Bachelor's** in Computer Science, Al-Balqa Applied University  
2022 - 2026

## CERTIFICATIONS

- HTML and CSS in Depth - Meta, Oct 2024
- Programming with JavaScript - Meta, Nov 2024 - Dec 2024
- Principles of UX/UI Design - Meta, Dec 2024 - Nov 2024
- React Basics - Meta, Dec 2024 - Feb 2027

## LANGUAGES

Arabic: Native, English: Advanced

## SOFT SKILLS

Problem Solving, Teamwork, Communication, Adaptability, Time Management, Attention to Detail, Creativity

## ACTIVITIES & MEMBERSHIPS

- CodeEscape Competition (American University of Madaba)
