## PROFESSIONAL SUMMARY

---

Senior Software Engineer with over a decade of experience in designing, developing, and deploying scalable, secure, and high-performance software solutions. Successfully delivered over 25 enterprise-level projects serving more than 100,000 users across web and mobile platforms. Expert in full-stack and backend development, system architecture, and cloud-based solutions using JavaScript, TypeScript, Python, Java, PHP, and frameworks such as React, Node.js, Laravel, and Flutter. Proven leader in Agile/Scrum environments, with a strong focus on clean architecture, performance optimization, and security best practices.

## TECHNICAL SKILLS

---

**Programming Languages:** JavaScript, TypeScript, Python, Java, PHP

**Web Development:** React.js, Node.js, Laravel, Angular

**Mobile Development:** Flutter

**Database Management:** MySQL, PostgreSQL, MongoDB, Firebase

**Version Control:** Git & GitHub

**DevOps & Cloud:** Docker, AWS, CI/CD

**System Administration:** Linux

**API Development:** REST APIs

## PROFESSIONAL EXPERIENCE

---

### Senior Software Engineer

#### Advanced Technology Company - Riyadh, Saudi Arabia

Mar 2022 - Jan 2026

- Designed and developed scalable web and backend systems for enterprise clients. Led a development team of 10 engineers across multiple projects. Built and optimized RESTful APIs and microservices architectures. Improved application performance by 45% through code and database optimization. Implemented CI/CD pipelines, reducing deployment time by 40%. Conducted code reviews and mentored junior developers.

### Software Engineer

#### Smart Software Solutions - Jeddah, Saudi Arabia

Mar 2018 - Jan 2021

- Developed internal systems and dashboards for business operations. Collaborated with UI/UX and QA teams to deliver high-quality software. Maintained and optimized SQL and NoSQL databases. Participated in full software development lifecycle (SDLC).

## PROJECTS

---

### Enterprise Content Management System (CMS)

- Designed and developed a scalable CMS platform supporting 50,000+ users, enabling content management, role-based access control, analytics dashboards, and secure authentication.

**Technologies:** React.js, Node.js, MongoDB, AWS

[github.com/ahmedharbi/cms-system](https://github.com/ahmedharbi/cms-system)

### Human Resources Management System (HRMS)

- Built an HR system managing employee records, attendance, payroll, and reporting, improving administrative efficiency by 35%.

**Technologies:** Laravel, MySQL, Bootstrap

## CERTIFICATIONS

---

- AWS Certified Solutions Architect - Amazon, Sep 2025 - Jan 2026
- Scrum Master Certified (SMC) - Scrum Alliance, Nov 2025 - Jan 2027

## ANALYTICAL SKILLS

---

Analytical Thinking, System & Performance Analysis, Root Cause Analysis, Logical Thinking, Data-Driven Decision Making

## SOFT SKILLS

---

Leadership & Team Management, Effective Communication, Problem Solving, Time Management, Critical Thinking, Adaptability, Decision Making

## LANGUAGES

---

**Arabic** - Native

**English** - Advanced

**French** - Intermediate

## ACTIVITIES & VOLUNTEER WORK

---

### Software Engineering Mentor

#### Future Developers Initiative

*Jun 2025*
